

10th April 2025

Dear Parents and Carers,

We are thrilled to share the results of our recent parent survey, which reflect a highly positive sentiment regarding your children's experiences at Loxley CofE Primary School. We are delighted to report that an impressive 100% of parents feel that their children are happy and well looked after, demonstrating a strong sense of safety and wellbeing within our school environment.

Moreover, 100% of respondents agree that our school is well-led and managed, showcasing your confidence in our leadership team. It is also heartening to see that all parents express satisfaction with the quality of teaching, affirming that your children are being taught well and that we maintain high expectations for their academic performance.

Additionally, we appreciate your recognition of the friendly community atmosphere and our commitment to your children's wellbeing. This feedback underscores our alignment with our vision and values, which are deeply rooted in Christian teachings. This strong foundation of satisfaction not only highlights the effectiveness of our educational practises but also fosters a supportive and engaged school community.

As we reflect on the valuable feedback gathered from our recent survey, we recognise the importance of enhancing our communication and support systems to further enrich your child's educational experience. We are committed to ensuring that you feel informed and engaged in your child's learning journey. To achieve this, we will continue implementing regular updates and personalised communications, such as our app messages, newsletters and photo collages, that include celebrations of your child's successes and provide insights into their progress. We believe that fostering a two-way dialogue will strengthen our partnership and encourage positive interactions.

In addition, we acknowledge the concerns raised regarding bullying management and the need for more proactive communication about how we address such issues. We are dedicated to reviewing and enhancing our anti-bullying policies and will be organising workshops for both parents and children to promote awareness and prevention strategies.

We also aim to provide practical strategies that you can use at home to support your child's learning. By working together, we can create a consistent approach to education and behaviour that benefits our entire school community. We invite you to participate in upcoming workshops and discussions, where we can collaborate on how best to support your child's development.

Please follow the link below to see a breakdown of the results by question.
